### NOSY BE

Nosy Be Madagascar's number- one beach destination, the island of Nosy Be has all the ingredients you'd expect: soft white sand, turquoise waters and wonderful seafood.

A paradise for water-based activities with its sunny climate most of the year, diving is the top draw, and there is plenty of swimming, snorkeling, sailing and fishing. Operators offer excursions to the surrounding islands with their beautiful beaches and great diving opportunities. Once you have had enough of seascapes, head for the rolling landscapes of the little-explored hinterland: as well as the brilliant Parc National Lokobe, there are ylang-ylang and vanilla plantations, crater lakes and waterfalls, and miles of dirt tracks accessible only by foot or quad bike.

### Day 4 : Discover Island Nosy Tanikely

After breakfast you will start an excursion to a nature reserve island Tanikely by boat. If you have diving glasses, then prepare to take them with you. There you will have the opportunity to dive under the water to see the fish and the sea turtle and other inhabitants of the sea. Another possibility is that you can also swim there and relax on the beach. The trip by boat takes about 1 hour.

We will prepare a free lunch for you there. Later in the afternoon you will return to Nosy Be.

Overnight in Villas Orchidées Nosy Be, 4-star Hotel.

### **NOSY TANIKELY**

Nosy Tanikely means "island of little earth", which alludes to the small area of the island.

Between huge corals, surgeonfish, pufferfish and groupers find a home. Whole shoals of fish pass by dazzlingly colorful, and with the underwater camera you sometimes don't even know where to take pictures first. However, under water there is much more to see: The colorful, still completely intact coral gardens reach to a few meters before the beach, and accommodate an unbelievable abundance of fish, starfish, sea urchins, sea cucumbers and other sea creatures.

### **Day 5 : Discover Island Nosy Iranja**

After breakfast you will discover a special island of Madagascar named Nosy Iranja. You will go there by boat and the trip will take around 1:30 hours. There you will discover an open way between the sea to a small island near Nosy Iranja. You can also visit the place. Additionally there is the possibility to have a look at a beautiful panorama. You can also swim there and spend your time on the beach. We will prepare lunch for you for free. Later in the afternoon you will return to Nosy Be. Overnight in Villas Orchidées Nosy Be 4,star Hotel.

## NOSY IRANJA

Nosy Iranja is made of two smaller islets : Nosy Iranja Be and Nosy Iranja Kely. Those bits of land are connected by a thin 2 km long stretch of sand. At low tide, you will take full advantage of the place, but watch out for the rising tide! You will be delighted by the landscapes' beauty, turquoise blue water surrounding the lagoon which reflects the sunlight and makes the sea sparkle. This peaceful place will delight those seeking relaxation and a change of scenery. They will also have the chance to enjoy any aquatic and land activities that they want!

### Day 6 : Nosy Be - Antananarivo - Europe

The journey is over. You still have half a day to visit Nosy Be because the plane to Antananarivo leaves at 15:40 h. This means that you will be accompanied to the airport in the afternoon. You will arrive in Antananarivo at 17:15h and fly on to Europe.
